Fond du Lac County COVID-19 Update

March 30, 2020 at 9:00am (written summary of Facebook live)

On Sunday, March 29th, COVID-19 took another life in Fond du Lac County. Although this person was not a Fond du Lac County resident, he became a member of this community and part of Fond du Lac when he became ill and was treated by our nurses and physicians who were dedicated to his care and hopeful for his survival. To his family and friends, we are so very sorry for your loss and can't imagine what you have endured during this difficult time.

To our Fond du Lac County residents: I can't stress enough how important it is to follow the [Safer at Home order](#). Our community's health depends on everyone taking the necessary precautions to decrease the spread of COVID-19. I know all of our lives have been disrupted and our freedom to go about our daily activities has changed. If you are not taking the necessary steps seriously, then you are jeopardizing the health of your family, friends and neighbors. Please remember if you must go out for essential activities or work, practice social distancing and clean your hands often. This is key to stopping the spread of this terrible virus.

Over the weekend, we received 3 additional cases, bringing Fond du Lac County's total case count to 22. Of those 22 cases, 4 are currently active and 16 have recovered. For the most up to date information on Fond du Lac County, please go to the county website: www.fdlco.wi.gov. We plan to update the [COVID-19 Information Page](#) on the county website at 2pm, Monday-Friday.

If you are a Fond du Lac County resident and feel you have been in contact with a person who is a known COVID-19 case and are experiencing symptoms (shortness of breath, fever, or cough) please call 844-225-0147.
